

The Dayton Section of the American Society of Civil Engineers is hosting its Spring Seminar at Montgomery County Water Services 1850 Spaulding Road on Thursday, February 23, 2017.

The Dayton Section has sponsored numerous seminars for engineers and inspectors with excellent participation and results. This seminar will provide professionals in engineering and construction related fields with timely information about topics relevant to their career.

Highlights of this year's seminar include contractor safety and inspector liability, inspector-related issues on stormwater permitting, and materials testing.

We sincerely hope you will take advantage of this affordable professional development and networking opportunity.

**Those attending this seminar will earn three Professional Development Hours.** Please see the agenda and registration form on the reverse, or visit the ASCE website at: [www.ascedayton.org](http://www.ascedayton.org).

Who Should Attend

Construction Inspectors

## **ASCE Dayton Section**

### **Roger F. Weiss Book Loan Program**

*ASCE Dayton Section Roger F. Weiss Book Loan Program is open to all UD civil engineering students who are active members in the ASCE Student Chapter. This award was established in 1985, in memory of Roger F. Weiss, a former UD civil engineering professor who was an active member of ASCE. The book loans are awarded to deserving students and consists of technical books (math, science, engineering) required for students. The purchased books are loaned to the student for the duration of the semester and returned to the library for future students. Proceeds from the Fall and Spring Seminars fund this book loan program.*

## February 23, 2017 Montgomery County Water Services
